School Overview

Allenstown State School has a long history and proud tradition of providing quality educational experiences to Rockhampton students. Beginning in 1877 the school has undergone many transformations to stand as it does today, and through this time has served the learning needs of over 20 000 students. We are a co-educational state primary school that caters for all students from Prep to Year 6. Our core purpose is to be highly respected in the local and wider community for our high standards, quality student achievements, effective teaching, and successful relationships. Our school vision 'Embracing the Past, Empowering the Future' reflects our commitment to delivering contemporary learning experiences, while valuing our past, to prepare our students for life and work in the 21st century. Found at Allenstown State School are committed and professional staff who know their students well, have high expectations for their social and academic success and work with students to reach their best. Along with prep, primary and special education teachers, the school has specialist teachers for physical education, classroom music, instrumental music, information literacy (teacher-librarian), a literacy coach and a teacher of Japanese. We also have trained staff to support students with special needs including an intervention teacher and speech-language teacher aide for Prep to Year 2, support teacher for literacy and numeracy, a guidance officer and a chaplain. The school leadership is comprised of Principal, Deputy Principal, Head of Curriculum and Head of Special Education Services. Our curriculum programs reflect the Australian Curriculum and the Department of education Curriculum into the Classroom materials. Our explicit improvement focus is reading comprehension and our school has improved our students' achievements in NAPLAN and other standardised testing over the last two years through attention to teaching strategies that are responsive to student needs, setting high standards and targets, frequently monitoring every student's reading abilities, and ensuring our resources are utilised effectively. Another aspect of school life that plays an important role in our school community are our sports programs. Students participate in sporting competitions with other schools, including swimming and athletics. In the area of The Arts, every year, older students join with the local high school Performing Arts faculty to choreograph and perform in a community concert called MADD (Music and Dance and Drama). ICTS are an integral part of the teaching and learning in every classroom. Several staff, including teacher-aides, have high-level skills and knowledge and mentor other staff. Students with disabilities have access to ipads for their daily learning. As a school we implement the program, Positive Behaviour for Learning, and we have clear and positive expectations for our school community: Always Learning, Always Present, Always Respectful, Always Safe. To support our students to be successful, the school provides a social and emotional learning program throughout the year, including education about protective behaviours, cyber-safety and careers aspirations. Leadership and self-esteem programs are a focus for girls and boys in the last two years of school, these programs being conducted and supported by community groups in conjunction with our school. Our parent body, Allenstown Parents and Citizens Association, is a very supportive group and works tirelessly with the school community to raise funds for our students and provide the school with perspectives about school direction and focus as we work together to achieve our core purpose.

Principal's Foreword

This report provides an overview of the achievements, developments and challenges for Allenstown State School during the 2017 school year, and our future direction in 2018. The report is written in three sections: *Our school at a glance*, *Our staff profile* and *performance of our students*.

Our School at a Glance details the school profile, curriculum offerings, school climate and parents, student and staff satisfaction with the school. This section also describes how our parents are involved with their child's education and how the school is reducing our environmental footprint.

Our Staff profile outlines the composition of the staff at Allenstown State School, teacher qualifications, expenditure on professional development, staff attendance and retention, and school income by funding source.

The *Performance of our Students* section provides information on student attendance and student achievement on systemic measures in Years 3, 5 and 7.

School Progress towards its goals in 2017

During 2017 the Allenstown State School had two explicit improvement agenda – reading and student behaviour / engagement. These agenda were selected based upon data scans of previous years to provide a narrow and sharp focus for the work of the school community throughout 2017. Reading and student behaviour / engagement have been priority school agenda for several years while the work is progressed and refined.

The steps that were taken / implemented in relation to the reading agenda included:

- Employment of a second Head of Curriculum (HOC) position with a specific focus on reading. This person has implemented an evidence based reading program based on explicit teaching of reading skills related to the Australian Curriculum units in English
- Staff professional development, individual teacher coaching and support have been a feature of the work supported by the second HOC position;
- Timetabling of reading block times for the whole school, supported by learning support staff and teacher aides were a feature of the Allenstown Rigorous Reading Program started in 2017;
- Providing focussed professional development for teachers and teacher aides in relation to the explicit teaching of reading instruction;
- Having a program of regular classroom visits and observations of class reading sessions to provide feedback to teachers on their practice;
- The purchasing of specific reading materials to support the work of teachers;
- The alignment of student support services with the reading agenda and ensuring that learning support staff and the HOC were supportive and skilled in this area;

The reading agenda was able to move forward during 2017 however, results from data collections such as NAPLAN indicate that further work will need to be done. School based data from NAPLAN results in a specific target group (Year 2's from 2017) have indicated very pleasing progress and a calculated effect size of 0.56 was indicated by the test results. Rigorous Reading will continue to be a feature of the school's explicit agenda in 2018.

The steps that were taken / implemented in relation to the student behaviour agenda included:

- Reviewing data and student behaviour processes from previous terms, and years;
- Having a SET scan of the schools positive behaviour for learning (PBL) processes undertaken and analysed;
- Working with staff to determine 'quick fixes' and longer term strategies that could be implemented to address specific identified behavioural issues;
- Having all staff complete a professional development session that focussed on PBL processes and protocols to ensure a wide understanding of the program;
- Having specific members of the school PBL team undertake deeper training to allow them to lead work in this area;
- Implementing a PBL budget to support the work of this team within the school;
- The development of very clear, precise and explicit documents for teachers to follow when behavioural incidents occurred and the relevant professional development to ensure whole of staff implementation of the measures / processes. Documents such as the major / minor incident chart; whole school classroom management plan and 'chill in / chill out' procedures were all products of this work and have refined school processes;
- The regular collections of behavioural data (positive and negative) and the regular celebration of positive student behaviour;
- Ensuring that data related to positive student behaviour was being collected, collated and published at regular intervals;
- The implementation of 'events' for students who had achieved positive behaviour levels set within the PBL program.

The student behaviour agenda moved very positively forward in 2017 and data indicated that student referrals for behaviour incidents was down on a term by term basis from previous years.

Future Outlook

In 2018 the Allenstown State School's explicit improvement agenda will be:

- Reading – specifically the continuation of the Allenstown Rigorous Reading program supported by professional development, coaching and feedback and timetabling of support services staff to enhance implementation;
- Student behaviour / engagement – a continuation of the previous positive work from 2017 with the focus shifting more to the positive reinforcement and recognition of student's appropriate behaviours;
- Staff moderation of student work – the timely and focussed moderation of student work in specific learning areas to ensure teacher judgment is valid and in line with appropriate guides to making judgments from curriculum documents.

In 2018 the reading agenda focus will continue on the comprehension of reading but will be heavily reliant on the Rigorous Reading program of explicit instruction and the lesson development of reading tasks for each week.

The Reading HOC will provide specific staff development of skills and knowledge. This will be strongly supported by in class coaching and mentoring with regular feedback provided to staff. Data collections / analysis will also support this work. The HOC will work with teaching staff to develop skills in the interpretation and manipulation of data to help inform teaching programs. The school's Teacher Librarian / Literacy Coach will continue to support this work through the sourcing and collection of appropriate reading texts and supporting resources for teachers.

In 2018 the work in relation to student behaviour and engagement will focus on the Positive from Positive Behaviour for Learning (PBL) Program which the school implements daily and rigorously. Some staff will be provided with opportunity to attend professional development in the use of restorative justice practices. This will help them to develop a school focus in this area and lead the school's behaviour program away from punitive justice practices.

Work will continue to develop all staff members (including support staff) knowledge and skills in PBL. This is the basic priority of all the school's behaviour practices and a high priority is placed on the consistency of application, and practice.

Moderation is a key aspect of teachers work in assessing and reporting on students learning outcomes. In 2018 work will be committed to developing a refined and clear process for moderation in the learning area of English. This priority will be supported by professional development in the areas of utilising guides to making judgements effectively and accurately. Teachers will then participate in either internal or external moderation meetings once each term in order to test the consistency of understanding and application of knowledge.

Teachers will also devote time in professional learning community discussions to developing their moderation knowledge and skills.

Our School at a Glance

School Profile

Coeducational or single sex:	Coeducational
Independent Public School:	No
Year levels offered in 2017:	Prep Year - Year 6

Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
2015	345	156	189	75	89%
2016	356	153	203	78	88%
2017	361	158	203	85	89%

Student counts are based on the Census (August) enrolment collection.

In 2017, there were no students enrolled in a pre-Prep** program.

** pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous>).

Characteristics of the Student Body

Overview

Students who attend the school are mostly from south Rockhampton and surrounds. Some students travel from across the town and from out of town to attend the school. Our school attracts students from a broad range of cultural and socio-economic backgrounds. According to the MySchool website, 53% of our students are in the lowest quartile of socio-educational advantage and 3% lie in the top quartile. The schools ICSEA (Index of Socio-Educational Advantage) value in 2017 was 907. An average value is considered to be an ICSEA of 1000.

24% of our students identified as Aboriginal or Torres Strait Islander or both in 2017, with 4% of our students having English as an Additional Language or Dialect. Some of our students are in the care of the state and live with foster carers, 7.8% of our students in 2017 had a disability (Autism Spectrum Disorder, Intellectual Disability, Speech-Language Impairment, Physical Impairment) and their educational needs are provided through their placement in mainstream classes with access to and support through the Special Education Program.

Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2015	2016	2017
Prep – Year 3	23	22	21
Year 4 – Year 6	26	27	25

Curriculum Delivery

Our Approach to Curriculum Delivery

Co-curricular Activities

Swimming lessons during Terms 1 and 4

Japanese (LOTE) for final two years of primary school

Allenstown State School Talent Show in Term 3

Instrumental Music programs (strings and band) for Years 3 onwards

Final year Leadership Programs and Senior Student Club

Pre-Prep programs in Terms 3 and 4

Playgroup program one day a week

Speech-language programs for at risk students in Prep-Year 2

'Shine' program for senior girls and Boys Leadership Program as part of Social and Emotional Learning Programs

Personal Protective Behaviours and Cyber-Safety programs run by the school's Guidance Officer

School camps held in Semester 2 each year for students in final two years in primary school

Friday afternoon sporting program including inter-school competition and at school, skill development in a range of sports

Special Education Programs include Life Skills, community garden, recycling

Co-curricular Activities

Instrumental Music – tuition in strings and woodwind instruments is provided by specialist teachers who visit the school every week

After-school sporting activities with local sporting clubs – including the revitalising of after school swimming opportunities using funding gained by the Federal Sporting Schools Program

Dance and Drama Program for older students with Rockhampton State High School Performing Arts faculty and the Eisteddfod

How Information and Communication Technologies are used to Assist Learning

All students access ICT for learning either in their classrooms or in the school's computer lab, which is fully equipped with laptops for each student. Teachers and teacher-aides have the necessary skills to enable them to use ICTs throughout the teaching and learning cycle. All classrooms have interactive whiteboards and students interact with this medium daily. Students also use scanners, printers, access the internet for research purposes, and learn through specific online programs (eg Maths Online, Reading A-Z). Students in the older classes have targeted learning with the Guidance Officer to increase their knowledge of cyber-safety. Students in the Special Education Program access learning through iPads and other digital technologies. During 2017 a class set of iPads was added to the school's device fleet. Primarily one Year 5 class used them to access and develop a wide range of teaching and learning opportunities. Other classes borrowed them for specific focus lessons. Teachers were also supplied with an individual iPad during 2017. This was supported by both individual and group based professional development. Staff reported enhanced usage and skills due to this program

Social Climate

Overview

Pastoral Care programs at the school support the work that all teachers do to build every student's social, emotional and physical wellbeing at the school. Our Guidance Officer/Behaviour Support Teacher teach proactive programs (e.g. Bravehearts, Daniel Morcombe Foundation, Friends for Life) to all classes and small groups of students. The school Chaplain, in conjunction with community organisations, runs a girls' program twice a year for senior students, and a leadership program with the PCYC for the senior boys. The Guidance Officer and Chaplain offer counselling and pastoral care respectively to students, parents and staff when requested by parents.

A strong emphasis is placed on achieving a balance between learning and wellbeing for our students. Complex Case management is the approach the school uses when students' needs are highly complex, linking school resources and families with local organisations and service providers.

Every Wednesday morning parents and younger children meet to attend playgroup. The Smith Family is now located on the school's premises. The school also has access to programs supported by The Smith Family, with Tackle6 a regular feature on the school's calendar. The program uses Rugby League as a vehicle for teaching students about resilience, self-esteem and anti-bullying. The school partners with the Smith Family in Term 3 of each year to present the Dharumbal Dash – a focussed day of Indigenous activities for Year 4 students from schools on the south side of Rockhampton.

Volunteers conduct a Breakfast Program every Monday morning and the Special Education Program every Wednesday morning. These are available to all students at no cost. Generous donations come from local businesses and donors to help provide food for these breakfasts and for lunches for students who need it. Volunteers also gift their time and talents to our school in the classroom, the library, in sporting programs and events, as Ready Reader volunteers in the Early Years, in the Arts, and as tuckshop helpers.

According to the 2017 School Opinion Survey, 98% of students thought their teachers expected them to do their best, with 100% of parents saying that this is a good school. 94% of parents agreed that their child was safe at this school. 94% of parents surveyed said they felt they could talk to their child's teacher about any concerns.

School-Wide Positive Behaviour Support is the foundation for how the school builds a community where high expectations for learning and wellbeing of students are at the forefront. Our students are provided with clear teaching about how to be successful in their behaviour choices: Always Learning, Always Safe, Always Respectful, and Always Present. Reported incidents of bullying are investigated thoroughly and consequences applied in accordance with the school's Responsible Behaviour Plan for Students. The school collects and analyses data about the incidence of bullying and other unacceptable behaviours for decision-making about further action.

* Nationally agreed student and parent/caregiver items

'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

Parent and community engagement

During 2017 parents and the community were engaged at Allenstown School by

- Assisting their child with weekly homework tasks and assignments, including reading to and with their child
- Attending parent information sessions in the first term of the school year
- Volunteering in classrooms, at tuckshop, in the library, during the swimming season, for sport
- Attending P&C meetings each month or communicating with P&C members about issues for consideration at P&C meetings
- Attending parent-teacher interviews and keeping in regular contact with the teacher

- Participating in school events and occasions eg sports days, athletics carnivals, graduation, end of term awards parades, excursions, concerts, Special Education events and activities, community events such as Anzac Day march, Book Week activities at the school
- Reading the school newsletter or website to keep up to date about the school's events
- Helping at daily Breakfast Club
- Providing feedback for school decision-making processes eg chaplaincy, through requests in newsletters, surveys
- Participating with their pre-prep child in the pre-prep program each week of Term 3 and 4.

Respectful relationships programs

The school in 2017 implemented a program that focussed on appropriate, respectful and healthy relationships. This program was delivered in second term with a specific focus on appropriate, respectful and healthy relationships.

The program was implemented using materials available from DET and other organizations that work with relationships. A feature of the Allens town work in this significantly important agenda is the threading of the focus through our Positive Behaviour for Learning (PBL) lessons. These lessons are mandated to be taught each week on a Friday morning. They are developed by the school's guidance officer and PBL committee to provide explicit instruction in appropriate and respectful behaviours. The weekly focus of the lessons is started at weekly parade on Friday morning and then continued daily in class by teachers.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2015	2016	2017
Short Suspensions – 1 to 10 days	120	41	50
Long Suspensions – 11 to 20 days	0	0	1
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

Environmental Footprint

Reducing the school's environmental footprint

The Senior Student Club and Special Education Program students continued with the recycling program and the implementation of the SEMP (School Environmental Management Plan). Water-wise gardening practices were continued and close monitoring of water and electricity usage occurred, resulting in quick response times when problems were identified. Continuing education about reducing the use of electricity at the classroom level continued during 2017. Community garden, composting and recycling are key parts of the school's attempt to reduce our environmental footprint.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	306,041	11,130
2015-2016	181,280	19,595
2016-2017	452,898	4,210

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

School Funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the *My School* website at <http://www.myschool.edu.au/>.

Professional Development

Expenditure On and Teacher Participation in Professional Development

The total funds expended on teacher professional development in 2017 were \$24,319.

The major professional development initiatives are as follows:

- Australian Curriculum
- Rigorous Reading
- Beginning Teachers
- Conferences for various work roles / groups – principal / deputy / BM / School's officer
- Positive Behaviour for Learning
- Jolly Phonics
- Age Appropriate Pedagogies
- Specific activities targeting various workgroups such as teacher aides and cleaners

The proportion of the teaching staff involved in professional development activities during 2017 was 100%.

Staff Attendance and Retention

Staff attendance

AVERAGE STAFF ATTENDANCE (%)			
Description	2015	2016	2017
Staff attendance for permanent and temporary staff and school leaders.	95%	94%	94%

Proportion of Staff Retained from the Previous School Year

From the end of the previous school year, 93% of staff was retained by the school for the entire 2017.

Performance of Our Students

Key Student Outcomes

Student Attendance

Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2017			
Description	2015	2016	2017
The overall attendance rate* for the students at this school (shown as a percentage).	91%	91%	90%
The attendance rate for Indigenous students at this school (shown as a percentage).	88%	92%	89%

*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2017 for all Queensland Primary schools was 93%.

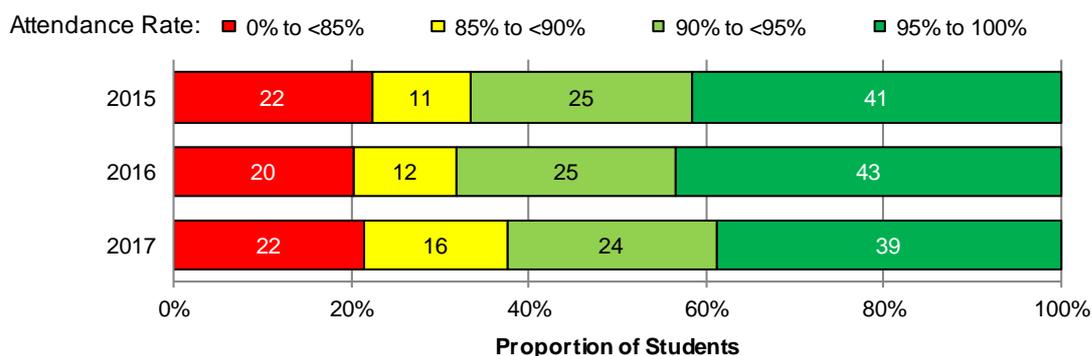

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2015	91%	91%	93%	88%	92%	90%	90%						
2016	91%	92%	93%	91%	91%	92%	91%						
2017	91%	91%	91%	91%	91%	89%	88%						

*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

Student Attendance Distribution

The proportions of students by attendance range:

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

At Allenstown State School, student attendance is recorded electronically on OneSchool class rolls twice daily, once in the morning between 9.00 and 9:30 and once in the afternoon at 1:30. SMS texts are sent daily to students with unexplained absences using the Infoways attendance software.

Teachers are responsible for making contact with parents/carers on the third day of an unexplained absence. All frequent or longer-term absences, explained and unexplained, are followed up by the Principal, the Deputy Principal and the Guidance officer, either through phone contact, home visits or letters. Reminders and clear school expectations about the importance of attending every day for student learning and achievement are communicated in the school newsletters, on assemblies and in class. One of the four school-wide expectations includes 'Always Present'.

Students whose attendance is 95% or better each term are publicly acknowledged during the end-of-term Parade of Excellence and are presented with a certificate to recognise this achievement. The class with the highest number of students who attend school every day of the term is also recognised with a class award.

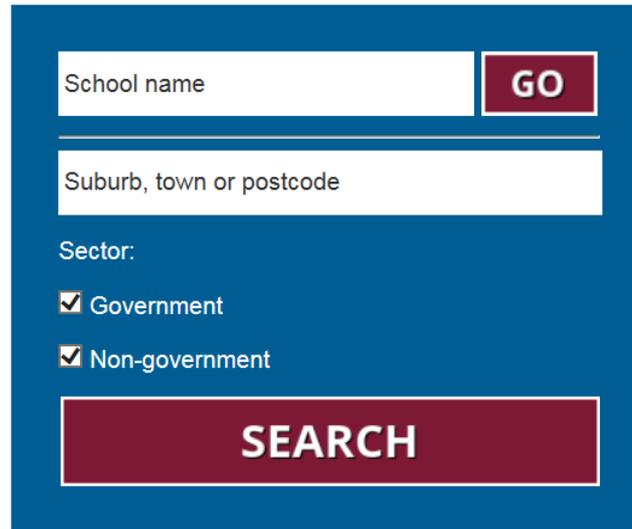

Where students have complex social or emotional concerns or medical conditions that impact on their attendance, the school arranges referrals to our Guidance Officer, Chaplain, or community agencies where appropriate. Through a complex case management process, we work with parents and students on a suitable attendance plan that leads to improved attendance, increased learning engagement and improved relationships with others.

NAPLAN

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following **'Find a school' text box**.

Find a school

The image shows a search form titled "Find a school" with a blue background. It contains the following elements:

- A text input field labeled "School name" with a red "GO" button to its right.
- A text input field labeled "Suburb, town or postcode".
- A "Sector:" label followed by two checked checkboxes: "Government" and "Non-government".
- A large red button with the word "SEARCH" in white capital letters.

Where it states **'School name'**, type in the name of the school you wish to view, select the school from the drop-down list and select <GO>. Read and follow the instructions on the next screen; you will be asked to confirm that you are not a robot then by clicking continue, you acknowledge that you have read, accepted and agree to the **Terms of Use** and **Privacy Policy** before being given access to the school's *profile* webpage.

School NAPLAN information is available by selecting **'NAPLAN'** in the menu box in the top left corner of the school's profile webpage. If you are unable to access the internet, please contact the school for a paper copy of our school's NAPLAN results.
